

RECYCLING IN 4 EASY STEPS

1. Check your item can be recycled below or at www.hastingsdc.govt.nz
2. Make sure it's clean – wash, squash, lids off plastic and glass.
3. Check the sign on the container and only deposit items as indicated on signage.
Recycling in the wrong container contaminates the **WHOLE** load.
4. Leave the recycling station clean and tidy - do not dump items outside of the container.

IF WE DON'T ACCEPT IT, DON'T DEPOSIT IT.

Ongoing placement of unacceptable items puts recycling sites at risk of closing.
