**NOT SURE WHERE IT GOES?**  
Make our online A-Z Waste Guide your first point of call. The A-Z Waste Guide helps you search for options to **reduce, reuse, recycle** or dispose of an item. Head to [www.hastingsdc.govt.nz/wasteguide](http://www.hastingsdc.govt.nz/wasteguide)

## RUBBISH AND RECYCLING COLLECTION

You might find you need to change your rubbish and recycling collections after getting to know your waste.

If your business is in the Hastings or Havelock North CBD, the Hastings District Council offer a 120L rubbish bin for collection twice a week. Find out more at [www.hastingsdc.govt.nz/services/rubbish-and-recycling](http://www.hastingsdc.govt.nz/services/rubbish-and-recycling)

If our service isn't right for you there are a number of private waste operators who offer other rubbish and recycling collections.

If you have material to dispose of that isn't the normal, please contact the HDC waste minimisation team and we can help you out. Email [reducewaste@hdc.govt.nz](mailto:reducewaste@hdc.govt.nz)

**MAKE LANDFILL YOUR LAST CHOICE**

Sending waste to landfill is becoming more and more expensive, and should be everyone's last choice.

Let's reduce waste, and help your business and our community in the process.

## SO... WHERE DO YOU START?

You've got waste at work. We have the know-how to help you!

Use one of the handy tools below, then you are all set to...

**MAKE  
LANDFILL  
YOUR LAST  
CHOICE**

### WHY YOUR BUSINESS SHOULD REDUCE WASTE

- 1 It's easy, it's important and it will typically cost less!
- 2 Less waste can mean less frequent or smaller collections.
- 3 When you send less waste to landfill, you help reduce Hastings' greenhouse gases.
- 4 Customers want to support businesses who do the right thing.

#### VISUAL SURVEY

A great starting point for anyone, no matter where you are on your waste journey. It will give you an idea of what systems you have in place, and how well they're working.

#### WASTE MAP

Perfect if you're wanting to get to know your waste, but don't have a load of time on your hands. It'll let you know what waste you're creating so we can find solutions that increase reducing, reusing and recycling.

#### WASTE AUDIT

Requires some effort and equipment. But don't let that scare you! By deep diving into your waste we can find specific solutions that will see you reducing and reusing waste like never before.
