

Te hunga kāinga e āwhina nei ki te whakatū kāinga ki Pāharakeke

Locals helping to build Flaxmere homes

For the past two years, Hastings District Council, along with its partner agencies including Central Government, iwi and hapū, and community providers, has been working hard to meet the need for more homes for the people of Hastings.

As part of that council is preparing three areas of council-owned land in Pāharakeke for housing development, comprising 150+ quality, affordable homes to be built from-onwards.

Recently the call was put out for local contractors who would like to be involved, and registrations are coming in from businesses who would like to be considered for this work.

WHERE TO GET HELP

If you are interested in being considered for this work, now is a good time to start preparing. The following agencies are here to support you in the set-up stages of a new venture, or to assist you to establish all-important strategies and plans.
